

Return of a transponder for the CIP-/ CAD-Pool of the Faculty of Civil Engineering and Geodesy (Building 3407, Callinstr. 34)

Please use a solid (!) envelope (bubble envelope) for the return, because transponders have already been lost with normal envelopes (then there is of course no refund) and enclose this form. Please send the transponder by mail to :

**Leibniz Universität Hannover
Institut für Risiko und Zuverlässigkeit
Callinstr. 34,
30167 Hannover**

You can also drop the envelope in the high-rise building Appelstr. 9a in our institute's mailbox on the ground floor next to the north entrance, in the right row of mailboxes approximately in the middle.

Surname, First name:

Matrikelnr.:

Email:

The transponder has the following serial number (if still readable) _____

Return of transponder: _____
Date Signature

Transfer of the deposit to:

Privacy Policy:

The data collected here (name, matriculation number, email, bank account details) are required for the repayment of your deposit. They will be used exclusively for this purpose. The data will not be passed on to third parties. If you return a transponder, this form will be kept as part of the deposit payout slip within the legal time limits and will be destroyed after they expire.

Upon request, you will be provided with information about the stored data.

I have read and understood the privacy policy. I agree to the storage of the above data.
